

INVITATION TO THE BRIDGEWAVE TECHNICAL TRAINING.

LINKIT is pleased to offer our partners and customers the opportunity to become fully certified in the installation and maintenance of the Bridgewave Communications radio products. As you know these events are always worth the effort in breaking away to learn about new radio technologies directly from the manufacturer's engineers.

Steve Horner is Director Field Engineering Intl, Bridgewave Communication (based in the UK) He is down under to provide training on their 60GHz and 80Ghz radio products and briefly discuss their new products yet to be released in 2009.

Date: Tuesday 28 April 2009 from 9am to 5pm

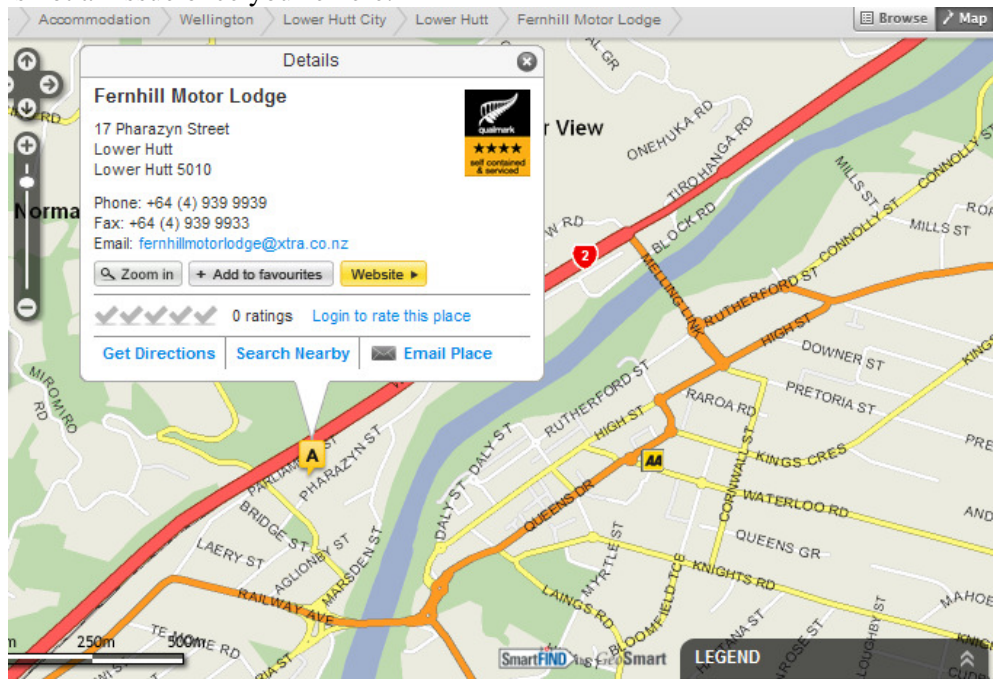

Venue : Fernhill Motor Lodge Lower Hutt (Map below)

COST: NZ\$ 200 per person for the training course. (Covers course materials and venue costs)

REBATE: We offer a **\$200 REBATE** per person off your next Bridgewave purchase, so it really cost you nothing to get Factory Certified in Bridgewave Communications products.

NB: This does not include any travel or accommodation costs.

On site Facilities: There is Accommodation and ample parking and we will have CafeNET on site for the event. The Motor Lodge is within 300mtrs of Hutt Central and near SH2 so getting around is not an issue once you're here.

RSVP by 17 April 2009 to reserve your seat via E-mail to : Maureen@linkit.co.nz
