

INVITATION TO THE TRANGO DMR TECHNICAL TRAINING.

LINKIT is pleased to offer our partners and customers the opportunity to become fully certified in the installation and maintenance of the Trango Systems Licensed band Microwave radio products. That's **licensed** IP Capacity from **75Mbps to 376Mbps** over **100mtrs to 60km** paths. As you know these events are always worth the effort in breaking away to learn about new radio technologies directly from the manufacturer's engineers.

Edwin Cortez form Trango (based in San Diego) is down under to provide training on their newly released ETSI version of the **GIGA and APEX 6GHz to 23Ghz** radio products.

Date: Monday 11May 2009 from 9am to 5pm

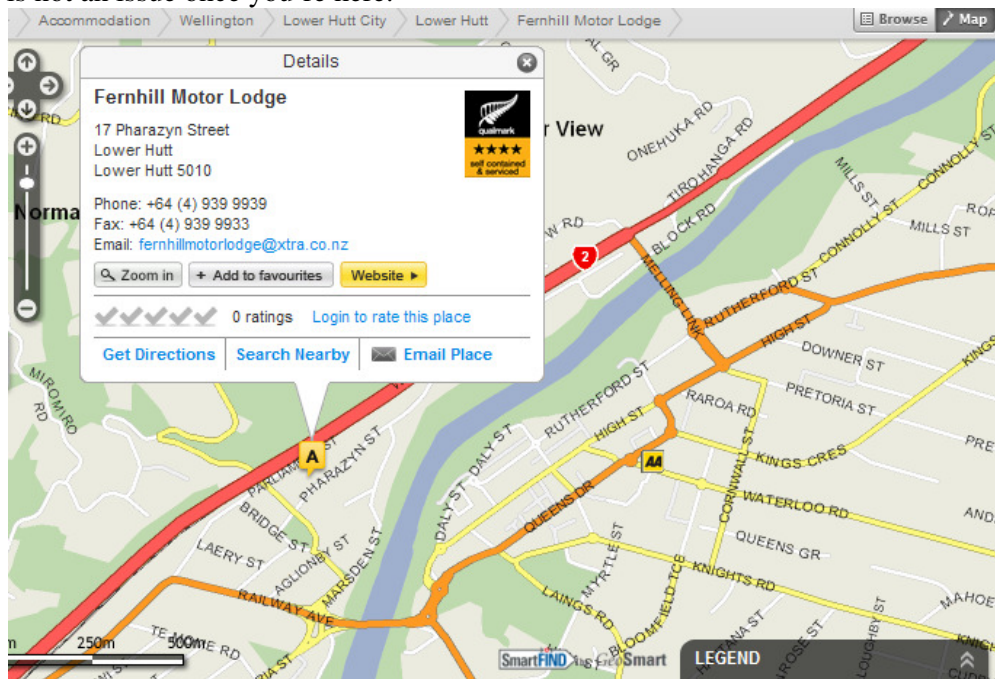

Venue : Fernhill Motor Lodge Lower Hutt (Map below)

COST: NZ\$ 200 per person for the training course. (Covers course materials and venue costs)

REBATE: We offer a **\$200 REBATE** per person off your next Trango DMR purchase, so it really cost you nothing to get Factory Certified in Trango DMR products.

NB: This does not include any travel or accommodation costs.

On site Facilities: There is Accommodation and ample parking and we will have CafeNET on site for the event. The Motor Lodge is within 300mtrs of Hutt Central and near SH2 so getting around is not an issue once you're here.

RSVP by 22 April 2009 to reserve your seat via E-mail to : Maureen@linkit.co.nz
